MUNICIPAL SHELTER INSPECTION REPORT - DL-90

Rating: **Satisfactory60** Purpose: **Inspection**

DATE/TOA: **8/29/13 11:30 am**

HORNELL HUMANE SOCIETY
7649 INDUSTRIAL PK RD
HORNELL NY 14843

Inspector #: **809**
Inspector #: **14**

These are the findings of an inspection of your facility on the date(s) indicated above:

1. Shelter is structurally sound Yes

There are two outside runs (kennels #1 and #5 from the east side) that have sharp metal protruding from the side wall adjacent to the dog door. These dog doors to these two outside runs are now closed until they are properly repaired.

2. Housing area and equipment is sanitized regularly Yes

3. Repairs are done when necessary No

The outside runs as described above need to be repaired as soon as possible. Repairs also need to be done on the outdoor runs in the areas where the underlying rusted metal is exposed.

4. Dogs are handled safely Yes

5. Adequate space is available for all dogs Yes

All the runs were full at the time of our inspection. However, if runs are needed for incoming dogs, the smaller dogs are moved to holding cages in another room.

6. Light is sufficient for observation Yes

7. Ventilation is adequate Yes

8. Drainage is adequate Yes

9. Temperature extremes are avoided Yes

10. Clean food and water is available and in ample amount Yes

11. Veterinary care is provided when necessary Yes

12. Dogs are euthanized humanely, by authorized personnel Not Applicable

No euthanasias were done since the time of the last inspection.

13. Complete intake and disposition records are maintained for all seized dogs Yes

14. Dogs transferred for purposes of adoption in compliance with Article 7 Yes

15. Redemption period is observed before adoption, euthanasia or transfer Yes

The redemption period starts as "day 1" the day after the seizure. "Day 5" continues until midnight. It would therefore, be simpler to count out six days from the date of seizure to the date that the dog is "transferred" to the humane society on the seizure report.

16. Owners of identified dogs are properly notified Not Applicable

17. Redeemed dogs are licensed before release Yes

One puppy was redeemed without being licensed. All seized dogs must be licensed prior to redemption regardless of the age. Dogs too young to receive a rabies vaccination must still be licensed as per Article 7. It is recommended that a follow-up call be made to be sure the puppy has received its rabies vaccination.

18. Proper impoundment fees paid before dogs are released Yes

19. Written contract or lease with municipality Yes

Town - City - Village Information for Inspection:

TCV CODE	TCV NAME
0209	Town of Birdsall
4611	Town of Dansville
0219	Town of Grove
4617	Town of Hornellsville
0211	Town of Burns
0227	Town of West Almond
4634	City of Hornell

REMARKS:

Two outdoor runs need repairs before dogs can safely use them again. Repairs still need to be done on most of the other outdoor kennels that have metal exposed around the outdoor run doorways that were originally covered with plaster. These do not pose an imminent danger for the dogs, but needs to be addressed in the near future.

The paperwork is in good order. Please note that the redemption period is five days, starting with the day after the dog is seized. The paperwork now indicates the day the dog is transferred to the Hornell Humane Society, in response to our recommendation at our last visit. One puppy was redeemed before it was licensed.
