REMARKS:

According to Article 26A, Section 401. Minimum standards of animal care: Pet dealers shall comply with the following minimum standards of care for every animal in their custody or possession. 1. Housing. (a) Animals shall be housed in primary enclosures or cages, which shall be constructed so as to be structurally sound. Such enclosures shall be maintained in good repair to contain the animal housed inside and protect it from injury. Surfaces shall have an impervious surface so as not to permit the absorption of fluids and which can be thoroughly and repeatedly cleaned and disinfected without retaining odors.
(c) Housing facilities shall be adequately ventilated at all times to provide for the health and well-being of the animal. Ventilation shall be provided by natural or mechanical means, such as windows, vents, fans, or air conditioners. Ventilation shall be established to minimize drafts, odors, and moisture condensation.

According to Article 26A, Section 401.2. Sanitation: Housing facilities, including primary enclosures and cages, shall be kept in a clean condition in order to maintain a healthy environment for the animal. This shall include removing and destroying any agents injurious to the health of the animal and periodic cleanings. The primary enclosure or cage shall be constructed so as to eliminate excess water, excretions, and waste material. Wastes must be removed on a daily basis and disinfection must occur no less than every two weeks.
