Additional Information for Inspection:

Number of Animals:

Number of Dogs/Cats at premise: 11 dogs and 21 cats

REMARKS:

All records must be complete and available at the time of inspection. We reviewed what is needed for a complete record at the time of inspection and left an example for the pet dealer to review.

Rust is porous and not an impervious surface. Many primary enclosures have rust on the cage doors, on the sides or in the cages. These primary enclosures must be replaced or repaired.
