Additional Information for Inspection:

Number of Animals:

Number of Dogs/Cats at premise: 36 dogs / 20 puppies

REMARKS:

Regarding PRIMARY ENCLOSURES and SPACE:
The designated primary enclosures are large dog runs in the kennel area off the side of the home as this is where dogs are housed for the majority of the day. Two other rooms contain crates for nighttime housing. Mr. Lippa states the dogs spend the majority of the time in the kennel area. Crates are only used overnight and, as a requirement of his insurance policy, when visitors enter.

It was discussed that dogs must be able to make natural postural movements whenever they are crated. A few larger crates were on hand and it was recommended that those become the standard crate size for all of his dogs.
