Additional Information for Inspection:

Number of Animals:

Number of Dogs/Cats at premise: 85 adult dogs, 22 puppies

REMARKS:

*****Replacement report for original 1/14/21 report. An inspector communication/ clerical error responsible for an incorrect critical deficiency under Inoculations (section E.2) that noted proof of valid rabies missing for two dogs. The two dogs were coming due for their rabies soon but they were still valid at time of inspection. The critical deficiency rating will, however, stand due to one puppy being sold without proof of rabies.**
