18. Proper impoundment fees paid before dogs are released	Yes
19. Written contract or lease with municipality	Not Applicable

Town - City - Village Information for Inspection:

TCV CODE	TCV NAME
0225	Town of Ward

REMARKS:

All surfaces within the primary enclosure must be replaced or repaired when worn or damaged. Dirty, rough and absorbent materials protect microorganisms and are difficult to clean, disinfect and deodorize. All enclosures housing seized dogs must be structurally sound and kept in good repair to keep the dog contained and to protect it from injury. There must be no rust, jagged edges or sharp points. Damaged areas of kennels must be repaired or replaced to prevent dogs from ingesting any materials that may come loose from chewing and clawing the enclosure. Wood must be sealed if it is used for walls. Door flaps should be replaced when damaged to prevent heat loss.

REPRESENTATIVE PRESENT FOR INSPECTION: James Lucey
TITLE: DCO, Town Supervisor

REVIEWED BY: Inspector #: 64
REVIEWED DATE: 02/07/2024
