Town - City - Village Information for Inspection:

TCV CODE	TCV NAME
0424	Town of Otto

REMARKS:

A written contract or lease agreement for shelter services for the Town of Otto has not been provided for 2024; this is the only reason the shelter received an unsatisfactory rating at this inspection.
According to Article 7 Section 114. Pounds and shelters,
1. Each town and city, and each village in which licenses are issued shall, and any other village and any county may, establish and maintain a pound or shelter for dogs.
2. In lieu of or in addition to establishing and maintaining such pound or shelter, any town or city, or any village in which licenses are issued shall, and any other village and any county may, contract for pound or shelter services with any other municipality or with any incorporated humane society or similar incorporated dog protective association, or shall establish and maintain, jointly or with one or more other municipalities, a pound or shelter.

Interior space of kennels contain heat lamps available for use in cold weather, however DCO Dankert notes she brings dogs into a wire kennel inside her home during inclement weather.
Only the second kennel from right is approved for use for Article 7 dogs at this time. Interior surfaces and unfinished wood door frames of remaining kennels must be made impervious before they can be used for seized dogs.
