## REMARKS:

The housing facility and the area immediately surrounding it shall be kept in a clean condition in order to maintain a healthy environment. This is accomplished by removing and destroying agents that are hazardous to animal health and by performing regular sanitation. Cleaning must be done frequently to remove disease hazards, pest infestation, and odors. Manure, urine, uneaten food, shed hair, soiled bedding, and any other organic matter must not accumulate inside animal enclosures and around the housing area. These wastes may need to be removed with scrub brushes, detergents and degreasers. Trash and waste products on the premises must be stored properly in leak proof, covered containers away from housing and food storage areas. This is necessary to minimize the risks of disease transmission, food contamination and vermin. At regular intervals, all stored trash and wastes must be removed from the premises. Good housekeeping and sanitary practices are essential for rodent and pest control. Empty feed bags, cans and any other garbage must not accumulate on the premises.

Records for all dogs seized and held at the shelter for Article 7 reasons must be complete at the time of inspection. This often is accomplished by communication between the municipal offices, the contracted shelter and the DCOs. According to Article 7, Section 113.4, every dog control officer, peace officer, when acting pursuant to his special duties or police officer shall promptly make and maintain a complete record of any seizure AND subsequent disposition of any dog.

According to Article 7, Sections 117.4 and 117.6, the DCO or shelter cannot release an "Article 7" dog unless the owner shows proof of a current license and proof that the correct impoundment fee has been paid; the new license number issued must also be recorded in order to determine compliance at the time of inspection.

Bolivar Town Clerk Amanda Gilliland provided electronic copies of the shelter contracts for the Towns of Wirt and Clarksville. It was reviewed that hard copies of the current contracts must be left at the shelter for future inspections.
