## REMARKS:

DCO Cowles is no longer using outdoor structure to house municipal dogs. Dogs are now exclusively held in mud room of home in a wire kennel.

Copies of seizure and disposition reports and written contracts must be left at the shelter and available for inspection for all contracted municipalities.

Records must be complete at the time of inspection. This often is accomplished by communication between the municipal offices, the contracted shelter and the DCO. According to Article 7, Section 113.4, every dog control officer, peace officer, when acting pursuant to his special duties or police officer shall promptly make and maintain a complete record of any seizure and subsequent disposition of any dog. Such record shall include, but not be limited to, a description of the dog, the date and hour of seizure, the official identification number of such dog, if any, the location where seized, the reason for seizure, and the owner's name and address, if known. Complete disposition information, including dates, must also be recorded. For example, the names and addresses of to whom/where the dog was adopted or transferred to, the veterinarian's name if the dog was euthanized, and the name/address of owner if redeemed. According to Section 117.4, an impoundment fee must be collected for all dogs which are seized for Article 7 reasons. All impoundment fees collected must also be recorded somewhere within the disposition report in order to determine compliance at the time of inspection. The DCO or shelter cannot release an "Article 7" dog unless the owner shows proof of a current license and proof that the correct impoundment fee has been paid; the new license number issued must also be recorded.

Discussed submitting transitional application as soon as possible to continue sheltering municipal dogs, deadline for this application was December 15, 2025.
