REMARKS:

According to Article 7, Section 113.4, every dog control officer, peace officer, when acting pursuant to his special duties or police officer shall promptly make and maintain a complete record of any seizure and subsequent disposition of any dog. Such record shall include, but not be limited to, a description of the dog, the date and hour of seizure, the official identification number of such dog, if any, the location where seized, the reason for seizure, and the owner's name and address, if known. Complete disposition information, including dates, must also be recorded. For example, the names and addresses of to whom/where the dog was adopted or transferred to, the veterinarian's name if the dog was euthanized, and the name/address of owner if redeemed. Copies of seizure and disposition reports and written contracts must be left at the shelter and available for inspection.

Unsealed concrete in kennels does not allow for adequate cleaning/sanitization. All surfaces within the primary enclosure must be replaced or repaired when worn or damaged. Rough and absorbent materials protect microorganisms and are difficult to properly clean, disinfect and deodorize.
