MUNICIPAL SHELTER INSPECTION REPORT - DL-90

Rating: **Satisfactory365** Purpose: **Inspection**

DATE/TOA: **10/16/12 1:40 pm**

ONTARIO COUNTY HS INC
2976 COUNTY RD 48
CANANDAIGUA NY 14424

Inspector #: **56**

These are the findings of an inspection of your facility on the date(s) indicated above:

1. Shelter is structurally sound Yes

2. Housing area and equipment is sanitized regularly Yes

Per kennel staff, the wall partitions of the dog runs that are constructed of cinder block had been cleaned at approximately 10:30 am. At the time of inspection at 2:00 pm they were still damp. The cinder block had absorbed the cleaning fluids. A spray of water on a dry area of the block was immediately absorbed. Concrete is a porous material and must be treated with a liquid sealer or hardener to make it waterproof. Waterproofing is recommended as it will prevent water damage to the cinder block and allow for thorough sanitation.

3. Repairs are done when necessary Yes

4. Dogs are handled safely Yes

5. Adequate space is available for all dogs Yes

6. Light is sufficient for observation Yes

7. Ventilation is adequate Yes

At the 2:00 pm inspection of the kennel areas, dog runs with wall partitions of cinder block were damp in most areas as the block had absorbed cleaning liquids that were applied at 10:30 am per kennel staff. The weather on the day of inspection was cloudy with temperatures in the 50's. Although adequate ventilation and an overhead radiant heat system are available, the lack of sealant on the cinder block surfaces hinders the evaporation of moisture and lengthens drying time.

8. Drainage is adequate Yes

9. Temperature extremes are avoided Yes

10. Clean food and water is available and in ample amount Yes

11. Veterinary care is provided when necessary Yes

Dr. Peter Brown and Monroe Veterinary Associates provide services.

12. Dogs are euthanized humanely, by authorized personnel Yes

Euthanasia Technician Linda Albanese is certified until 11/23/13 to perform this service.

13. Complete intake and disposition records are maintained for all seized dogs Yes

14. Dogs transferred for purposes of adoption in compliance with Article 7 Yes

Discussed that dogs may be transferred to other shelters, humane societies and incorporated animal rescue groups if it would improve the opportunity for adoption.

15. Redemption period is observed before adoption, euthanasia or transfer Yes

16. Owners of identified dogs are properly notified Yes

17. Redeemed dogs are licensed before release Yes

18. Proper impoundment fees paid before dogs are released Yes

19. Written contract or lease with municipality Yes
