| <b>2. Housing area and equipment is sanitized regularly</b>   | Yes            |
| <b>3. Repairs are done when necessary</b>   | No             |

## REMARKS:

Two outdoor runs need repairs before dogs can safely use them again. Repairs still need to be done on most of the other outdoor kennels that have metal exposed around the outdoor run doorways that were originally covered with plaster. These do not pose an imminent danger for the dogs, but needs to be addressed in the near future.

The paperwork is in good order. Please note that the redemption period is five days, starting with the day after the dog is seized. The paperwork now indicates the day the dog is transferred to the Hornell Humane Society, in response to our recommendation at our last visit. One puppy was redeemed before it was licensed.
