MUNICIPAL SHELTER INSPECTION REPORT - DL-90

Rating: **Satisfactory365** Purpose: **Inspection**

DATE/TOA: **2/10/14 12:50 pm**

GENESEE COUNTY ANIMAL SHELTER
3841 W MAIN ST ROAD
BATAVIA NY 14020

Inspector #: **56**

These are the findings of an inspection of your facility on the date(s) indicated above:

1. Shelter is structurally sound Yes

2. Housing area and equipment is sanitized regularly Yes

Porous containers and bedding materials that are stored in a dog run may absorb moisture or infectious airborne debris when the housing area is cleaned and sanitized. Non-porous storage containers should be utilized or the porous items removed from animal housing areas.

3. Repairs are done when necessary Yes

A work order has been submitted for needed repairs. Guillotine doors on some dog runs are rusted out or jagged. The runs are marked that no dog is to be housed in them until the doors are replaced. Wallboard that has pulled away from the walls in a few dog runs will be repaired or replaced with tile.

The outer kennel area plywood walls have lost some of their sealant properties and may absorb liquids. Although not in direct contact with any animals, applying new sealant would make the wood surfaces impervious which would allow for thorough sanitation and faster drying times.

4. Dogs are handled safely Yes

5. Adequate space is available for all dogs Yes

6. Light is sufficient for observation Yes

7. Ventilation is adequate Yes

8. Drainage is adequate Yes

9. Temperature extremes are avoided Yes

10. Clean food and water is available and in ample amount Yes

11. Veterinary care is provided when necessary Yes

Perry Pet Batavia, State Street Animal Hospital and veterinarians on staff at Genesee Community College provide services.

12. Dogs are euthanized humanely, by authorized personnel Yes

The animal hospitals and veterinarians noted above provide this service.

13. Complete intake and disposition records are maintained for all seized dogs Yes

14. Dogs transferred for purposes of adoption in compliance with Article 7 Yes

15. Redemption period is observed before adoption, euthanasia or transfer Yes

16. Owners of identified dogs are properly notified Yes

17. Redeemed dogs are licensed before release Yes

18. Proper impoundment fees paid before dogs are released Yes

Impound fees are collected by the town clerks in amounts set in Article 7 or, in the case of some towns, in an amount set by their local ordinance. In the case of multiple dogs that are owned by a person and are seized, the law requires the fee be increased. In three such situations, the municipalities did not increase the fee. Municipal clerks should review Section 117.4 of Article 7 of NYS Agriculture and Markets Law and their own ordinances regarding the amount of the fee to be collected upon the subsequent seizure of any dog owned by that person. Impoundments are counted against the owner, not the dog. For example, if two dogs owned by a person are seized the same day a fee must be collected for a first and second impoundment.

19. Written contract or lease with municipality Yes

Town - City - Village Information for Inspection:

TCV CODE	TCV NAME
1808	Town of Elba
1805	Town of Bethany
