REMARKS:

Educational meeting for new shelter director, Loren Teply.

Inspectors Herrman and Amels reviewed article 7 with Ms. Teply with regards to New York State's expectations for inspection. Previous paperwork issues were reviewed and options discussed to correct as well as standards of care for municipality dogs.

Currently, there is not a Euthanasia tech on staff and previous DEA agent has left employ of the shelter. A new DEA agent for the shelter, Elena Decker, has been established. The shelter is currently using Dr. Dubinsky of Milford Animal Hospital for euthanasia.

Shelter manager accessed room where controlled drugs and sedatives kept. The room contained double lock box for euthanasia substances and on the counter was a box with expired anesthetic agents. Inspectors Amels and Herrman recommended these agents be locked as well until properly disposed of.
