REMARKS:

Although this inspection report reflects a 30 day Reinspection. It was requested by Todd Krump a town board member and discussed to give 90 days to finish any repairs which the municipality may need in order to come into compliance. I have seen slow progress over the past year to get the shelter completed in order to be in compliance according to Article 7. Although, 3 months is acceptable and it will be expected to have the project complete at the time of my next inspection.
