TCV CODE	TCV NAME
2704	Town of Florida
2701	Town of Amsterdam
4205	Town of Rotterdam
2711	City of Amsterdam

REMARKS:

N/A=handled by DCO

Sharp and rusty or broken pipes that comprise the kennel doors in the outdoor and indoor kennels have been repaired. The freestanding kennel to the left of the parking lot has had the sharp pipe removed and can be used. One other freestanding kennel to the left of the parking lot has had the damaged chain link switched to be at the top of the kennel out of the dogs reach, this kennel may now be used. One outdoor kennel door frame at the front of the building, has a slight sharpness to the bottom corner that needs to be filed smooth. This run has a 'do not use' sign on the door until this is done. The other two freestanding kennels at the left of the parking lot and the one free standing kennel next to isolation housing have the doors off and are not in use. These will need all sharp protruding wire repaired and any holes in the wire fixed before they are put into use in the warmer weather.

REPRESENTATIVE PRESENT FOR INSPECTION: **Anthonio Baker**
TITLE: **Manager**
