Town - City - Village Information for Inspection:

TCV CODE	TCV NAME
2603	Town of Clarkson
2606	Town of Hamlin
2611	Town of Parma

REMARKS:

In a phone call with DCO Dave Maynard he agreed the odor was likely from the drains as they do not angle down properly and waste water collects in pools. A request was made and approved by the town to correct the problem within the next few weeks, Plans are for more thorough flushing of the drains and application of an odor neutralizing product until repairs are made. Re-inspection of the shelter will be conducted in approximately 30 days.
