REMARKS:

Some unpleasant odors were detected in Kennel Rooms A and C however these odors were less noticeable than they were at the inspection conducted 8/31/17. The shelter was at ambient temperatures and humidity conditions. Director Kelly McCartney stated that the ventilation system had been checked and a part for a fan was on order.

A work order was submitted to address repairs needed to damaged walls, tile and doors that were noted on the 8/31/17 inspection report.

In order to assess environmental conditions during the winter months, and progress of the needed repairs, the next inspection will be conducted in approximately three months.
