REMARKS:

Mr. Ott faxed a letter with a timeline for the next improvement planned for the Wayland Municipal Shelter. The drain is to be repaired so it is usable by May 15, 2011. This is acceptable and the lack of a timeline for improvements to the shelter was the reason for last month's unsatisfactory rating. Since this has been sent to me, I will give the shelter a satisfactory rating with a re-inspection scheduled for 90 days to evaluate the progress on the drain repair.
