REMARKS:

During the inspection, the chain link fencing of the outdoor exercise kennels was found to have been damaged by snow plowing activity of the adjacent parking area, allowing for escape or injury to a dog. No dogs had been housed at the pound since December, so the damage had not been noted. The shelter manager contacted town officials during the inspection to make arrangements for the repairs to be made. The shelter manager was directed to use only the indoor kennels until proper repairs have been completed.
