REMARKS:

Upon arriving at the kennel, the door was opened to a strong odor of dog feces. The kennel contained a small dog that Keith Hennard was unaware was there until that moment. Keith informed the inspector that the DCO for the Town of Allen is supposed to notify when a dog is in the kennel owned by the Town of Granger. Upon calling the previously known DCO about the situation, Keith and the inspector were informed that the Town of Allen has a new DCO. The new DCO informed Keith and the inspector that he had two dogs in the kennel and one was currently at the veterinary office in Wellsville. He was informed by the inspector that the level of care was insufficient and it had to be rectified ASAP.
