REMARKS:

N/A = Handled by DCOs Quell and Holland

Four medium sized kennels had old feces and dirty shavings in the kennel trays. No animals were being housed in kennels upon inspection. The dirty kennels appeared to have not been used in some time as evidenced by the white colored feces and dust in the kennels.

All kennels MUST be cleaned and disinfected after every use and daily when they are housing dogs.

Dirty mop water was held over from previous day. Dirty water MUST be disposed of after cleaning kennels. Mop and bucket MUST be emptied and rinsed out/cleaned every day.
