REMARKS:

Inspected shelter on 1/26/2022 and found wire fencing had been pulled apart in 2 different spots. Kennel #1 and Kennel #2 both had holes approximately 4-5 inches wide on the top back left sides of the kennels. There are a total of 4 kennels. I advised the Highway Superintendent, Brad Schiralli that the first 2 kennels must not be used until repairs are complete.

Re-inspected shelter on 1/28/2022 with DCO Miszeuk present and the wire that was previously loose had been secured to close the gaping holes in the kennel fencing.

REPRESENTATIVE PRESENT FOR INSPECTION:
