REMARKS:

Occasionally, seized dogs may be exempt from a rabies vaccine due to old age or health, but not exempt from licensing. A statement from a veterinarian should accompany the license application in these situations. Additionally, dogs under three months of age if seized would be in a similar category, and the license should state "too young for rabies". Please refer to Article 7, section 109 for additional information, or contact me directly at 315-916-3204.
