- |                                                                                                                                                                                                                                                                                                        |     |
|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----|
| <b>1. Shelter is structurally sound</b>                                                                                                                                                                                                                                                                | No  |
| <i>In outdoor kennels, repairs needed on crumbling/missing concrete blocks. Dividing walls of several interior kennels not structurally sound and move when pushed on by dogs.</i>                                                                                                                     |     |
| <b>2. Housing area and equipment is sanitized regularly</b>                                                                                                                                                                                                                                            | No  |
| <i>Build up of old feces in drainage troughs of outdoor kennels. Rusted/corroded pipes/chain link and exposed wood in room being used as a kennel are unable to be cleaned/sanitized properly.</i>                                                                                                     |     |
| <b>3. Repairs are done when necessary</b>                                                                                                                                                                                                                                                              | No  |
| <i>In both interior and outdoor kennels, dividing walls and doors have rusted/corroded pipes with sharp edges exposed to the dogs. Chain link walls/doors of several kennels are excessively rusted/corroded. In room being used as a kennel, wood door framing has been chewed and is splintered.</i> |     |
| <b>4. Dogs are handled safely</b>                                                                                                                                                                                                                                                                      | Yes |
| <b>5. Adequate space is available for all dogs</b>                                                                                                                                                                                                                                                     | Yes |
| <b>6. Light is sufficient for observation</b>                                                                                                                                                                                                                                                          | Yes |
| <b>7. Ventilation is adequate</b>                                                                                                                                                                                                                                                                      | Yes |
| <b>8. Drainage is adequate</b>                                                                                                                                                                                                                                                                         | No  |
| <i>Downspouts positioned incorrectly and drain into outdoor kennels.</i>                                                                                                                                                                                                                               |     |
| <b>9. Temperature extremes are avoided</b>                                                                                                                                                                                                                                                             | Yes |
| <b>10. Clean food and water is available and in ample amount</b>                                                                                                                                                                                                                                       | Yes |
| <b>11. Veterinary care is provided when necessary</b>                                                                                                                                                                                                                                                  | Yes |
| <b>12. Dogs are euthanized humanely, by authorized personnel</b>                                                                                                                                                                                                                                       | Yes |
| <b>13. Complete intake and disposition records are maintained for all seized dogs</b>                                                                                                                                                                                                                  | Yes |
| <b>14. Dogs transferred for purposes of adoption in compliance with Article 7</b>                                                                                                                                                                                                                      | Yes |
| <b>15. Redemption period is observed before adoption, euthanasia or transfer</b>                                                                                                                                                                                                                       | Yes |
| <b>16. Owners of identified dogs are properly notified</b>                                                                                                                                                                                                                                             | Yes |
