2. Examinations Article 26 C, §429.3, 7, 11, 13 General Deficiency

Animal intake exams not performed within 24 hours.

Article 26 C, §429.3, 7, 11, 13
All incoming animals shall be assessed within two hours after intake by a trained animal shelter staff member to determine if any physical abnormalities exist that require immediate veterinary attention in accordance with the shelter's written protocol for emergency care, as required by section four hundred twenty-three of this article.

Each animal shelter shall provide a complete physical examination of all animals in its custody or possession by trained shelter staff within twenty-four hours of intake to identify medical or behavioral conditions that require further evaluation and care. Animals shall specifically be examined for bite wounds; animals that have potentially been exposed to rabies shall be managed in accordance with applicable local and state laws. Each animal shelter shall comply with the rabies reporting requirements prescribed in 10 NYCRR 2.14.

When a physical or behavioral abnormality is identified at the time of intake or at any time during any animal's shelter stay, staff members shall follow written medical protocols required by section four hundred twenty-three of this article, to determine if and when any animal in its custody or possession needs to be examined by a duly licensed veterinarian. If the animal is in foster care, the foster care provider shall follow written medical protocols to determine whether the animal needs to be examined by a duly licensed veterinarian.

Any apparently healthy animal remaining within the custody or possession of any animal shelter shall be examined by a duly licensed veterinarian at least every six months, or more frequently if problems are identified.
